## SKULL CAVE SURVEY ALIAS A-ROCK

THE GREATER CINCINNATI GROTTO FIRST FOUND SKULL CAVE WHILE RIDGE WALKING AFTER A TRIP TO HOMESTEAD CAVE. THE CAVE WAS FOUND BY NONE OTHER THAN JACQUES RAMEY ( PROFESSIONAL CAVE HUNTER ). THE NAME SKULL CAVE CAME FROM A PIG SKULL FOUND IN ONE OF THE CHAMBERS. AFTER ONE OF OUR TRIPS TO HOMESTEAD CAVE WE MET THE LAND OWNER OF SKULL CAVE . HE INFORMED US HE CALLS THE CAVE A-ROCK CAVE. WHEN HE HAD HIS PROPERTY SURVEYED THE CAVE ENTRANCE WAS NEAR A ROCK THEY USED FOR STATION A OF THE SURVEY. THE SURVEYED PORTION OF THE CAVE EXTENDS 367 FEET. THERE ARE STILL LEADS UNSURVEYED YET EXPLORED WHICH DON'T AMOUNT TO MUCH. THE CAVE OFFERED AN EASY AFTERNOON OF SURVEYING AND THE ACCOMPANYING MAP IS THE RESULT.
